turn over to her eagle bearer so soon as that ornithological express should come within reaching distance: when the small boy grasped gaily his celebrating cracker and the larger boy grasped gallier his celebrating cookie or cocktail; in short, while the whole world was in a sympathetic thrill of patriotic emotion and everybody was hurrying under the hot breath of "When in the course of human events it becomes," and so forth—just at this crisis in American history, that is to say on the morning of the 4th, the directors of the Sagelands Bank of Quincy, Illinois, pulled to the front door and stuck a sign on the shutter announcing that the bank had failed to the tune of one hundred and eighty-seven thousand dollars.

BRIEFLETS.

Join the militia.
No need of Turkish baths.
The fans had a hard day's work of it yesterday.

Miss Battles and her pupils give a musical recital this evening.
Think of this weather when you sweat at the chibbins next winter.

There will be a special meeting of the Council tonight to consider the water-works question.

There should be a Humane Society organized to look after the livery horses on hot Sunday afternoons.

Mr. Fred Quinn, of Elgin, an employee in the watch-works, spent Sunday in this city, visiting his father, Mr. Ferdinand Quinn.

We publish to-day another letter from the pen of Mr. J. C. Metcalf, which will prove of interest not only to his many friends but also to the general public.

Wal Wright, of Beloit, who has been in jail for six months, being unable to pay the fine of \$20 imposed for resisting Marshal North, of Beloit, to-day wore out of jail, and went on his way rejoicing.

The clouds had another night sweat last evening, and caused a flurry among the feathers and dances about the time the churches let out. The shower was repeated this morning without waiting for an encore.

The Bowler City Band picnic at Bab's grove to-morrow should not be forgotten. The first boat will leave at one o'clock in the afternoon. All who desire an enjoyable time in the woods, and a first class concert at a nearly nominal price should be present.

It may be that a body can't occupy two places at one and the same time, but we saw a man in the Court street church yesterday who was sitting in two places at the same time. He was sitting in his shirt sleeves, and sitting in his pew. The sweeter was too much for him.

From now until Friday morning seats for Duprez & Benedict's minstrels, will be for sale at Mosley's, for fifty cents each, no extra charge for reserved seats. During Friday the price will be seventy-five cents for reserved seats. The troupe appear at the Opera House Friday evening.

The tramps who were sentenced to work five days are being worked in the gravel pit. As soon as their time is up then those are in for a longer time will take up the shovel, and so through the list. The long term fellows are already petitioning for more exercise, but only six or seven can be worked at a time.

Shimel, the constable who shot Ponda, was arrested Saturday afternoon and brought before Justice Balch, on a charge of assault with intent to do bodily injury, and also on a charge of assault with a deadly weapon. He gave \$500 bail for his appearance to answer to the charge at the examination, which will take place the latter part of the month.

O. J. Hopkins, of Afton, who is charged with committing an assault on Taylor, and who is to have skipped beyond the State line, was arrested in Beloit Saturday night by Marshal North. A pair of iron knuckles were found on his person. He was held in \$100 bail, and in default of same was locked up. The examination will be before Justice Wickham next Thursday.

The clothes which the burglar stole out of Mr. Horigan's residence on Main street have been recovered. They were thrown, evidently by the burglar as he ran away, into D. E. Field's yard, where they were found last Saturday. The handkerchiefs were taken out of the pockets and carried away. The burglar, who was supposed to have been wounded, has not been captured.

Jo Cook was on another big drunk yesterday, and had his usual scuffle and fight before he would allow himself to be locked up. After being placed in the jail he kicked over the stove, one of the pieces falling on a fellow prisoner, hurting him slightly. This morning Jo, all battered and bruised, stepped up before Justice Prichard, and stepped down and out again with permission to play with a shovel in the gravel pit for forty days.

There was a lively row in front of Carle's grocery store and Helms' implement warehouse this afternoon in which McCue and Lawrence, both from the town of Rock, are said to be the chief participants. A rake was grabbed up from a pile lying in front of one of the stores and was used as a weapon, with deadly effect to the rake, which was shattered and its beauty gone. Lawrence got one or two bruises on the arm from a shovel which was used as another weapon. The cause of the row is unknown, it being so deeply buried amidst a pile of hard words as to be beyond discovery. A large crowd gathered just in time not to see much of the fight.

Dr. R. P. Hildgren will lecture to-morrow evening at Lappin's hall on "Quack Doctors." He uncovers and brings to the light the tricks and deceptions practiced by the quacks who visit every town and city, and presents the facts in a witty enjoyable way, which has secured for him large audiences wherever he has appeared. During his lecture season the Doctor does not practice at all, but claims to be working in the interest of the regularly educated physicians. He comes here endorsed very highly and will doubtless give a lecture which will be well worth hearing, and which will doubtless open the eyes of some of those who spend their money so freely on traveling quacks.

Rev. H. Stone Richardson, formerly pastor of the Court Street Methodist church, of this city, and now pastor of the Methodist church in Lake Mills, preached an able sermon yesterday morning at Court

Street church, on the parable found in the first portion of the twentieth chapter of Matthew, it being that of the master of the vineyard hiring laborers. He paid particular attention to those who were obliged to wait until the eleventh hour, before any man hired them, or before they were called to any special work in God's vineyard. It was to the waiters rather than the workers that he addressed his remarks. He drew some new truths from this old subject, and presented his thoughts in his usually brilliant manner.

CLUBBED TO DEATH.

George Mack Found Murdered in his Barn.

The Body Thrown Beneath the Horses' Feet.

The Arrest of his Hired Man, and Strange Conduct of the Wife.

Other Arrests to Follow.

A report reached this city yesterday that a most foul murder had been committed near Shoptere, and naturally caused considerable commotion among those who heard of the affair. No one at first seemed to be in possession of any of the details, but towards night the rumors became more tangible but not altogether accurate in regard to some of the details.

THE FOLLOWING ARE THE FACTS as ascertained from a visit to the scene of the bloody affair, and by the evidence brought out in the coroner's inquest yesterday.

The murder was committed in the town of Turtle, on what is known as the old "Mack farm" late on Saturday night or early Sunday morning.

THE VICTIM.

Mr. George H. Mack about 37 years of age had owned and lived upon the farm since the spring of 1874. An inquest was held by E. P. King Esq., on Sunday, the jury rendering a verdict that deceased came to his death by acts of violence perpetrated by person or persons unknown. The facts in the case so far as gathered are these. Mr. Mack kept two hired men. About 5 o'clock Sunday morning the younger of the two Joe Watson was awakened by the other, Frank Dickinson who asked him if he would get up and feed the horses, as he was tired and wanted to lie a while longer.

Watson got up and reached the barn just as the sun was coming up. He went into the barn and fed the horses, and as he came out by the stable door he discovered George Mack under one of the horses and dead. He at once gave the alarm, and with the assistance of Dickinson they brought him into the house, and then aroused the neighbors. He gave evidence of having been dead some hours. There was a heavy cut over his right temple, the skull fractured on the back side of his head, three ribs broken on the left side, one on the right side, his face scratched deeply, and the whole body pummeled and bruised from head to foot. Doctors Bell and Strong, of Beloit, who attended the inquest, gave it as their opinion that the wounds were none of them caused by the kick of a horse, and that the jury were of the same opinion was evidenced by the finding in their verdict. In her testimony before the jury Mrs. Mack the wife of the murdered man, admitted that

SHE HAD QUARRELED with her husband Friday night, and that she struck him with a pitcher, which made the deep wound over the left temple above referred to, and that he had worked all day Saturday in the harvest field with this wound. Watson, the younger of the two hired men, denies there being any wounds upon Mack's head on Saturday, and Dr. Strong says the wound could not have been made Friday, as it was a fresh wound when the body was found, the blood flowing freely from it. Frank Dickinson, a young man about twenty-three years old, came here from Horicon last spring and hired out to Mr. Mack. After working about two months they had a quarrel, and DICKINSON WHIPPED MACK.

Mack went to Beloit and took out a warrant for him but returning home, to preserve peace in the family, he went back and withdrew his suit, paying the costs himself. He, however, discharged Dickinson, and he left the place. Some three or four weeks ago while Mack was very sick, his wife sent for him to come back, which he did, and has remained there to the present time. It appears that Dickinson was at work on the place, under Mrs. Mack's orders, for two or three days before Mr. Mack knew that Dickinson had been set at work again. Mr. Mack being sick at the time his wife hired Dickinson. His testimony at the inquest was of such a character that he was suspected of being implicated in the murder, and was promptly arrested and lodged in the calaboose at Beloit last night, and we learn that

OTHERS ARE SUSPECTED, and will probably be arrested after the funeral, which takes place at three o'clock to-day. The Mack farm is about eight miles from our city on Turtle Creek. The village is greatly agitated over this most fiendish and brutal affair and demands a thorough and searching investigation. There is a strong feeling regarding the matter, that Mack was murdered by Dickinson and by parties whose names will probably be made public to-morrow. Mack besides his wife, leaves three small children, the oldest about thirteen years of age.

The appearance of Mrs. Mack at the time of the inquest has caused considerable comment. She showed no signs of grief, and even smiled at different times during the examination. She refused at first to answer any questions unless she had "a lawyer to tell her what to answer" - to use her own words. She finally changed her mind, however, and answered such questions as were put to her.

A CITIZEN'S MEETING. All citizens interested in the water-works question are requested to meet at the Council Chamber next Thursday evening at 8 o'clock. PLINY NORCROSS, Chairman.

WORSHIP BY SONG.

In spite of the sweltering heat the Congregational church was well-filled last evening at the song service. The fact of there being so many in attendance was highly complimentary to those who participated, and the audience evidently appreciated the service, as at several times during the evening there was a slight rustle of applause, which at any other time and place would have ripened into a rich harvest of encores. At the opening of the services Prof. Bischoff played a voluntary upon the cabinet organ. It was only to be regretted that there was not a larger and better instrument for him, but with such as he had he brought forth some wonderfully sweet music.

The choir then rendered the anthem "The Lord is Great." The choir consisted of Prof. Bischoff, and Messrs. Colling and Crawford as tenors; Mrs. H. A. Smith, Mrs. Wingate, and Miss Colling, as sopranos; Mrs. Hayden, Miss Lynn, Farnsworth, and Hart as alto; and Messrs. John H. Wingate, William Bladen, and Homer Rice, as basses; and Mrs. Jones, as accompanist. The anthem was grandly rendered.

Rev. T. P. Sawin, the pastor, read appropriate passages of scripture, and a male quartet, consisting of Prof. Bischoff, Mr. Colling, Mr. Wingate and Mr. Bladen sang "Remember Me, Oh Mighty One."

Prayer was then offered, and Mrs. Hayden sang the solo, "Pity, Oh Saviour." Her rich contralto voice was brought out fully, and the rendering was indeed fine.

Rev. Mr. Sawin gave a brief account of the circumstances which led Charles Wesley to write that hymn "Jesus, Lover of My Soul." Charles Wesley and his brother John, and another evangelist were attacked by a mob. They fled, and finally hid in the darkness out of the way of the mob. Soon after they escaped to a spring-house, where the water was bubbling up clear and pure, and there Wesley wrote this hymn, using as a pencil

a bit of lead which he had hammered to a point. Mr. Sawin called attention to the lives which indicated some of the experiences which the two had passed through at this time. A quartet then sang the hymn of the four being Mrs. Hayden, Mrs. Smith, Prof. Bischoff and Mr. Wingate.

Mr. Sawin then made a few remarks concerning the true mission of song as a part of worship, and the reasons which led him to heartily endorse such a service as that being held.

Mrs. J. H. A. Smith then sang as a solo, "Show me thy ways," Prof. Bischoff acting as accompanist. An anthem was then sung by the choir, and the services closed with the hymn, "Hail to the Great Anointed," sung by the choir and congregation.

The exertion on the part of the singers in thus furnishing a pleasing and profitable form of worship, was much greater than many realized. The evening was so sweltering that even those who sat quietly in their pews were almost overcome by the heat. Those who had the work to do deserve great credit, as they were obliged to contend against the natural lassitude and the heat. It was one of the best song services ever held in this city.

SMOTHERED BY BLANKETS. Yesterday morning an oil stove in William Sadtler's residence caught fire, and would probably have resulted in a bad blaze, had it not been discovered in time to smother it with blankets. It appears that it was no particular fault of the stove. The family had been broiling some very fat steak and some of the fat had run down and finally caught fire about the lamp, and the sudden access to the oil, which of course blazed up. A little more carelessness in wiping off the stove would have prevented any such result. As it was no damage ensued.

ANOTHER OIL BLAZE.

Saturday evening there was another narrow escape from a fire. Miss Brown, who lives on Jackson street, was using a flat-iron heater, when the carbon oil which was used for fuel, blazed up, threatening to ignite the dry wood of the summer kitchen where the heater stood. Miss Brown promptly threw a blanket over the blaze, and having wrapped the heater up in this, sat down upon it and smothered it before it could do any particular damage.

THE WEATHER.

The thermometer is still up in the world yesterday afternoon it stood all the way from 90 in the shade to 114 in the sun, and as much higher as the consciences of those who note the weather could stretch the story. To-day at 7 o'clock the thermometer stood 83 degrees above and at 2 o'clock at 94 degrees above. One year ago to-day at 9 o'clock the thermometer stood at 85 degrees above.

The indications are, for the upper lake region, and upper Mississippi valley, partly cloudy weather, with occasional rains, stationary or higher temperature, variable winds, mostly from the south, and falling barometer.

SIX DIVORCES.

In the Circuit Court the case of Tyrell vs. Borden was further argued to-day. The following divorce suits have been decided in favor of the plaintiffs, the ground being in nearly all desertion, cruel treatment, and lack of support:

Halsey Edwards vs. Roselia Edwards. Desertion.

Cassie Rinehart vs. Andrew M. Rinehart. Cruel treatment, and failure to provide.

Miles Hurlburt vs. Hannah Hurlburt. Desertion.

Adaline Schelbel vs. Henry Schelbel. Cruel treatment, desertion and failure to provide.

Helen M. Fox vs. W. H. Fox. Cruel treatment.

Mary Caniff vs. Stephen N. Caniff. Drunkenness and failure to provide.

BURNED CORK FUN.

Duprez & Benedict's Minstrels are booked for the Opera House Friday evening July 19. They will come laden down with fun and frolic, and will doubtless give an entertainment which will be highly enjoyable. They have already gained a wide reputation and every lover of burnt-cork fun and sweet music is at

ready familiar with the name of Mr. Charles H. Duprez, who is the manager. The programme is full of variety, and embraces a large number of novelties. The troupe is a large one, and contains some artists who have been for some time favorites before the footlights. In the musical part of the entertainment the troupe as now organized is said to excel greatly most travelling troupes. They will doubtless draw a good house next Friday evening.

LITTLE MAY THOMAS.

Her Walk of Twenty-Five Miles.—A Great Feat for Little Feet.

Miss May Thomas, the child pedestrian, succeeded easily in performing her self-allotted task of walking twenty-five miles within six hours. She commenced at Lappin's hall Saturday afternoon at five o'clock, and stepped off lively, making the first mile in 11 minutes 19 seconds, the next mile in 11:15, and finished five miles in 1 hour and 5 minutes, ten miles in 2 hours and 8 minutes, and finished her twenty-five miles in 5 hours and 50 minutes. She walked her twenty-fourth mile in 10 minutes and 7 seconds, and her last mile in 9 minutes 2 seconds. At the close of her thirteen mile she took a half-hour rest, and at other times stopped for a few moments so that she rested in all about an hour, making the actual time of walking the twenty-five miles, 4 hours and 50 minutes.

Miss May is a trim-built little blonde, weighing but forty-eight pounds, and being only nine years old. She steps off with a quick stride of from 33 to 26 inches, and fairly spins over the track. There was a fairly sized audience to witness her walk, and all seemed delighted at the show of speed in one so young. She is a daughter of Mr. J. W. Thomas of this city.

MUSTERING THE MILITIA.

In accordance with the notice published in Saturday's Gazette, a meeting was held at the Council Chamber Saturday evening for the purpose of organizing a militia company. The meeting was called to order by Mr. H. A. Smith, and Mayor Norcross called to the chair, and Mr. G. A. Libbey chosen Secretary. It was decided that a military company should be organized at once, and to further this move, it was voted to appoint a committee of two from each ward to secure names of those willing to serve therein. The following were chosen as such committee:

First Ward—H. A. Smith, T. T. Croft.

Second Ward—J. H. Hunkins, A. E. Morse.

Third Ward—Richard Valentine, Charles Lee.

Fourth Ward—S. C. Cobb, E. M. Hyzer.

Fifth Ward—C. C. McLean, G. A. Libbey.

The Committee after the adjournment of the meeting met and organized by choosing Richard Valentine Chairman, and E. M. Hyzer Secretary. Muster rolls were prepared, and the Committee adjourned, to meet at the call of the Chairman.

There is a general feeling that the city needs now, if ever, a good military organization and it is to be hoped that the citizens will show their appreciation of the enterprise by giving it such encouragement and help as will render it a success in all respects.

As stated in the Gazette, when the matter was first suggested, the present law provide that such companies when sixty-five men have enlisted, will be sworn in as State militia and will then be furnished with arms and accoutrements, given a bonus of \$100, and allowed \$300 a year for armory expenses. The company here will at first probably secure only a fatigue dress, and after a while secure dress suits. The starters of the movement express the intention of having an organization which will mean business, and not merely for the display of feathers and tinsel. The city surely needs a thorough and efficient organization of this kind, and all who have any interest in the city's peace and welfare will doubtless gladly help the enterprise along.

SPORTING NOTES.

The Forest City of Rockford, who have disappointed Janesville for several seasons past, will positively play here Wednesday of this week. Rockford people think they are the strongest nine that ever represented that city, and the Active, although home amateurs, are confident of their ability to make it an interesting game. Seats have been erected on the ground with a capacity for three hundred and there will be ample room for carriages.

The Boston defeated the Indianapolis Saturday by 13 to 4.

O'Leary finished his walk in Chicago Saturday night, making the 275 miles in 74 hours and 33 minutes. O'Leary's proposition to pay \$700 to any pedestrian who would walk 250 miles while he was walking 275, was accepted by Schmehl, who won the money, walking the 250 miles in 73 hours and 50 minutes.

The Chicago defeated the Milwaukee Saturday by 8 to 4, and thus gained the second place in the League contest.

At Cleveland Saturday—Forest City 3, Stars 6. Eleven innings.

At London, Ontario—Tecumseh 4, Manchester 0.

CITY NOTICES.

Ladies All.

Use Sozodont who wish to make themselves pleasant and pretty. Better than enamel on the face, or tawdry dresses, it sets off the human face with pleasant smiles and dental beauties, and gives fragrance to the conversation. No lady should neglect to have a bottle on her toilet table.

Spalding's Glue spilt on a chair, will prevent a man who sits down on it, from getting up easily.

LOCAL MATTERS.

Ladies and Gentles will always find the nicest and cheapest Box and Staple Stationery in the city and Sutherland's Bookstore, No 23 Main street.

Liver Regimen.

The Liver is the imperial organ of the whole human system, as it controls the health and happiness of man. When it is disturbed in its proper action, all kinds of ailments are the natural result. The digestion of food, the movements

of the heart and blood, the action of the brain and nervous system, are all immediately connected with the workings of the Liver. It has been successfully proved that Green's August Flower is unequalled in curing all persons afflicted with Dyspepsia or Liver Complaint, and all the numerous symptoms that result from an unhealthy condition of the Liver and Stomach. Sample bottles to try, 10 cents. Positively sold in all towns on the Western Continent. Three doses will prove that it is just what you want.

The Home Insurance Agency.

Dimock & Hayner are agents for the oldest and strongest American and English Fire Insurance Companies. Among the list are such companies as the Old Star and Phoenix, of Hartford, the Home, Continental and Westchester, of New York, the Insurance Company of North America, Fire Association, Girard, American, Pennsylvania, and Franklin, of Philadelphia. The Liverpool and London and Globe, Imperial and North, and the Commercial Union of England, and the Western Assurance and British America, of Canada, and others.

You can now get insurance in the above well known companies at the lowest possible figures. This being the case it would seem useless to throw away money upon weak and unknown companies. Get the best at the best rates.
